Forward-Looking Statements

The forward-looking statements in this presentation reflect management's expectations about future events, plans and performance, including expectations regarding the closing, integration and impact of the acquisition of Columbia Management's long-term asset management business. These forward-looking statements and the many assumptions upon which they are based involve risks and uncertainties. A list of factors that could cause actual results to be materially different from those expressed or implied by any of these forward-looking statements is detailed under the headings "Forward-Looking Statements" and "Risk Factors", and elsewhere, in our Annual Report on Form 10-K for the year ended December 31, 2009 and in our Form 8-K filed on March 8, 2010. These forward-looking statements speak only as of today's date, and we undertake no obligation to update publicly or revise them for any reason.

Non-GAAP Financial Measures (Annuity Segment Core Return on Allocated Equity, Asset Management Segment Core Pre-tax Margin): This presentation includes our Annuities segment Core Return on Allocated Equity and our Asset Management segment Core Pre-tax Margin, each of which is a non-GAAP financial measure. A reconciliation of these non-GAAP measures to their most directly comparable GAAP financial measure is included herein.

This presentation is not a solicitation for any of the products mentioned. RiverSource Distributors, Inc. (Distributor), member FINRA. Insurance and annuity products are issued by RiverSource Life Insurance Company and, in New York, by RiverSource Life Insurance Co. of New York. Both companies are affiliated with Ameriprise Financial Services, Inc.

Integration on Track

- Completed:
 - Management team in place
 - Portfolio management and research teams in place
 - Wholesaling teams identified
 - Brand architecture developed
 - Mutual fund board approvals
- Post close:
 - Product line rationalization
 - Technology systems alignment – trading/research/sales and service
 - Operational processes and support

Target integration completion by end of 2011

Financial Implications

- By year-end 2009, Columbia Management assets had increased to \$186 billion, driven by market appreciation
- Capturing expense synergies
 - Key areas: distribution and marketing, operations, technology, investment teams, sub-advisory fees and staff support
 - Realizing a higher percentage of back-office synergies than originally expected
 - Projected levels of “dis-synergies” are within targeted range

Original estimates remain in place:

- Estimated net run-rate synergies of ~\$130–\$150 million:
~50% in 2010 and ~100% in 2011
- One-time, non-recurring integration costs of ~\$130–\$160 million:
~75% in 2010 and ~25% in 2011

Key Drivers of Asset Management Margin Expansion

- Deal synergies and improved scale
- Reasonable markets
- Net inflows

Summary

- Long-term, client-advisor relationships reinforce asset gathering and retention
- Flexibility to capture opportunities across market cycles
- Uniquely positioned to generate appropriate shareholder returns in annuities
- Transforming U.S. Asset Management – focused on execution
- Driving margin expansion, business mix shift and increasing ROE
